NOTIFICATION

Umm Al Quwain, United Arab Emirates
27.08.2018

The European Union General Data Protection Regulation (hereinafter referred to as GDPR) came into force on 25 may, 2018.

Global Bond Data FZE is informing you about the data protection policy of physical entities in this note.

We undertake all measures to protect your data and provide 2- and 3-level protection of personal data, which helps to prevent data leakage from various sources.

Providing various types of services, we collect a different amount of data that is needed to ensure the proper quality of work and compliance with regulatory requirements. What data we collect and store

When providing and getting services we collect and store data of the partners:

- Surname, First name
- E-mail
- Registered address
- Phone number:
- As well as other data that arises due to business activities of the service recipient, as a result of the processing of financial information, as well as in compliance with international and domestic regulations.

The data is available to:

Global Bond Data FZE employees, who directly work with data from financial documents and data from partners, have the access to the data.

Data is stored for at least 60 months from the date of submission of the annual report for a given reporting period, but not more than 72 months from the date of submission of the financial annual report.

To whom and how do we provide the data:

Data within the framework of services is provided to state bodies, as part of the declaration and description of the company's activities.

Data concerning the identification of persons who control the company is provided only to the relevant authorities and only as part of a specialized request or in accordance with regulatory acts.

Your rights:

You have the right to receive information concerning the fact to whom and when your data was transferred, except when prohibited by regulations.

You have the right to obtain information on what data is at the disposal of Global Bond Data FZE and how long this data will be stored.

All data is collected in the framework of the company's activities and due to the public interest; Global Bond Data FZE guarantees its legal use only.

We use a modern means of data protecting which protect the data from illegal usage for personal data that identifies persons who control the enterprise.
